Love your application

A strong application package…

- Markets you as a memorable candidate
- Lends you confidence and credibility in the interview process
- Makes it obvious why you are a fit for the position

Pitch motivation, not dissatisfaction

- Discontent may start your search, but it probably won't finish it
- Use your experience: what will you take with you, and what will you leave behind?
- Motivations make you memorable - give the hiring manager or recruiter a reason to advocate!

Work your network (creatively!)

- Utilize the networking blend you are comfortable with
- Make every interview process an opportunity to expand your network
- Understand how to partner best with in-house recruiters, staffing agencies, and consulting firms

Ultimately...

Your authentic self is your best self, and should be the one that gets you the job
